WHY SPECIFY IT

Chilled & ambient, beautifully branded.

Cold water at 5-10°C and ambient water on tap, with a recessed bottle-fill alcove and a dedicated drinking faucet, a robust freestanding station built for busy hospitality and public spaces.

Chilled & ambient water

Cold filtered water at 5-10°C (30 L/h) and ambient water (80 L/h) from a robust SS304 station, enough for 180-200 people a day.

Bottle fill + drinking faucet

A recessed bottle-fill alcove plus a dedicated drinking faucet make refills fast, hands-clean and hygienic in high-traffic settings.

Your brand, beautifully

A customisable Signature Panel carries your hotel, resort or venue identity, turning hydration into part of the guest experience.
