AMBIENT

SWC-CF-CA-BL

WHY SPECIFY IT

Chilled & ambient, on demand.

Instant chilled and ambient filtered water from one compact countertop unit, operated by a simple touch-button interface — engineered for high-usage commercial spaces.

Chilled & ambient water

Instant chilled and ambient filtered water from a single touch-button dispenser — up to 100 cups of chilled water per hour.

Intelligent eco mode

An efficiency controller powers the unit down automatically during inactivity, optimising energy use without losing responsiveness.

Built-in UV & NSF-rated

Durable NSF-rated build with a built-in UV module and touch interface — long-term reliability with minimal maintenance.

Application	Commercial	Warranty	1 year
Installation	Countertop	Sparkling	Upgrade to CSA

Chilled
2 L

Crisp filtered cold water, 100 cups per hour.

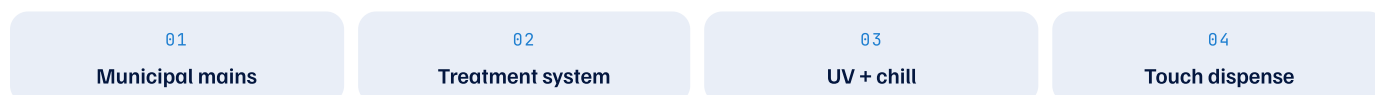

Ambient
Filtered

Filtered room-temperature water on tap.

HOW IT WORKS

From mains to tap.

SCOPE OF SUPPLY

What we provide.

- ✓ Crown Flow CA countertop dispenser (model BL)
- ✓ Touch-button dispenser with built-in UV module
- ✓ Connection fittings for municipal water supply
- ✓ 1-year manufacturer's warranty
- ✓ Optional Sovereign treatment system / RO (sold separately)
- ✓ Optional Comprehensive Maintenance plan

Pair with treatment

Add a Sovereign Water Treatment System (sold separately), customisable for regional water profiles — including Reverse Osmosis where required — for enhanced water quality and flexibility.
